LICENSED BY SEGA ENTERPRISES, LTD.  
FOR PLAY ON THE SEGA CD™ SYSTEM

## WARNING:

### READ BEFORE USING YOUR SEGA VIDEO GAME SYSTEM

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games may induce an epileptic seizure in these individuals. Certain conditions may induce undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game—dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions—IMMEDIATELY discontinue use and consult your physician before resuming play.

## HANDLING YOUR CD DISK

- The Sega CD Disc is intended for use exclusively with the Sega CD system.
- Handle it with care. Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional recess during extended play, to rest your self and the Sega CD.
- KEEP YOUR SEGA CD DISC CLEAN. Always hold by the edges, and keep in it's case when not in use. Clean with a lint-free, soft dry cloth--wiping in straight lines from center to edge. Never use solvents or abrasive cleaners.

WARNING TO OWNERS OF PROJECTION TELEVISIONS: STILL PICTURES OR IMAGES MAY CAUSE PERMANENT PICTURE-TUBE DAMAGE OR MARK THE PHOSPHOR OF THE CRT. AVOID REPEATED OR EXTENDED USE OF VIDEO GAMES ON LARGE-SCREEN PROJECTION TELEVISIONS.

This official seal is your assurance that this product meets the highest quality standards of SEGA™. Buy games and accessories with this seal to be sure that they are compatible with the SEGA CD™ SYSTEM.

# Getting Started

Control Pad to Control Port 1  
on the Genesis Console

1. Connect your Sega CD and Sega Genesis™ systems and plug in a control pad into control plug 1. A control pad, GAMEGUN™, Menacer™, Sega Mouse™, or other lightpin gun can be plugged into control plug 2. Turn on your TV or monitor, and then turn on your Genesis.

2. Place the *Crime Patrol* CD into the disc tray, label side up. Close the tray.

3. If the Sega CD logo is on screen, press START to begin. If the Control Panel is on screen, move the cursor to the CD-ROM button, and then press Button A, B or C. The Sega screen appears.

## START SCREEN

The start screen is approached from the demo loop by pressing the START button on the control pad in control plug 1. The start screen allows you to start the game for 1 player or 2 players, using either the control pad or the device plugged into control plug 2. An options menu can be accessed from this start screen.

## OPTIONS SCREEN

The options screen is approached from the start screen by using the START button on the control pad in control plug 1. The directional and START button on the control pad in control plug 1 are used to select an option in the option screen. Difficulty levels are Wimp (default), Easy and Difficult. If the device plugged into control plug 2 is the GAMEGUN™, Menacer™, or other lightpin gun, the flashing color can be selected as BLUE (default) WHITE and CYAN. The calibration screen is reached from the options menu.

# Knowing Your Controls

## CONTROL PAD

Shown as "Joypad" on start screen

### Start Button:

- If the Sega CD logo appears after loading the disc, you can press the start button immediately to begin the game review, or the system will automatically go into the game review after a 10 second pause. The game review mentions important hints and explains what the game is about.
- Starts game play. Press the start button to get to the start screen for player options.
- Pauses the game.

### Directional Pad:

- In start or options screen, used for selection.
- Aims your ten shooter.
- When moved to the bottom of the screen, allows the gun to be holstered and reloaded.

### "A" Button:

- When the gun is pointing into the screen, fires your ten shooter.
- When the gun is pointing down, drops the gun into the holster for a reload.

### "B" Button:

- Used to double the speed of gun movement.
- If "C" BUTTON is also pressed, speed is 8 times faster.

### "C" Button:

- Used to quadruple the speed of gun movement.

### Two Player Mode:

- When using two control pads for two player mode, player 1 is control pad 1 and player 2 is control pad 2. See general two player notes later.

## GENERAL GUN USAGE

**GAMEGUN™**  
(Highly Recommended)

**MENACER™**

- The gun fires where pointed on the screen as long as you have bullets.
- Reload by shooting off screen (the Menacer™ box that sits above your TV must detect that the menacer has fired, so point in its direction).
- The FRONT bottom button can be used to pause the game with the Menacer. The GAMEGUN™ has a start/pause button on the left side.
- Some video guns require using the control pad START button to pause or to view the start screen.
- The guns work best when in the range of 5 to 12 feet from the television screen.
- The guns can be calibrated by selecting calibrate on the OPTIONS screen. To calibrate the gun, push "A" button on the control pad in control port 1. Aim the gun at the center of the bullseye and press the trigger. Check the accuracy of the gun and recalibrate if necessary.

### MEGA MOUSE™

- Moving mouse aims your ten shooter.
- Dropping your ten shooter to the bottom of the screen allows it to be reloaded.
- The START button on the control pad in control plug 1 is used to start and pause the game.
- Older Genesis models may experience Mega Mouse™ incompatibility.

## TWO PLAYER GENERAL

- Two player mode is an alternating style of play, each player plays until the until he or she loses a life, then the other player plays.
- The score for each player is displayed at the top, the score for player 1 on the left, and the score for player 2 on the right. The bullet beside the score indicates which player is currently playing.
- Between each player's turn, a screen will show which player's turn it is and will ask that player to shoot at the bullseye to start their turn. Note that the game will wait until the bullseye has been shot before continuing.

## RESTART

- If you want to RESTART or go back to the START SCREEN for other selections, hold all three A, B and C buttons down and press START button.

## CLUES

- Citizens who are not so law abiding will appear on screen. Shoot them before they shoot you.
- If you accidentally shoot an innocent person you may lose a life.
- Some scenes will allow you to skip quickly to the next action scene by firing a shot.
